

Roxset[®]

FOOD & BEVERAGE FLOORING

Tile Replacement & Upgrade of seals

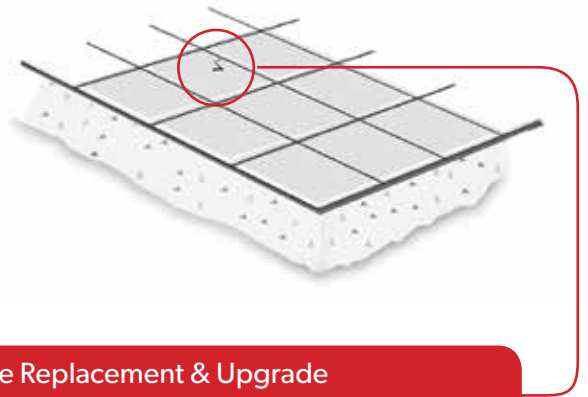

Tile Replacement & Upgrades

Roxset also provides a variety of custom tiling services for commercial kitchen floors and walls.

Our highly qualified staff can provide a professional service to repair, replace and re-grout ceramic tiles to ensure surfaces are sealed and without cracks that can cause water leaks which lead to contamination. Our highly skilled tilers are fully licensed and qualified to perform to Australian Standards.

Roxset Australia provides a highly professional service for ceramic tile repair & replacement. Roxset will work with your existing coatings to achieve the best result.

Tile Replacement & Upgrade

The speed at which large amounts of liquids can be dispersed to the required waste channels improves safety slip resistance.

Options Include

- ✓ Tile Replacement
- ✓ Grouting & Seals
- ✓ Crack repair
- ✓ seamless flexi jointing
